

SUPARDIANTO

Coordinator of Applied Degree Program in Software Engineering Technology
State Polytechnic of Batam

Email: supardianto@polibatam.ac.id

LinkedIn: linkedin.com/in/supardianto

Location: Batam, Kepulauan Riau, Indonesia

PROFESSIONAL SUMMARY

Experienced lecturer and researcher with over 10 years in software development, network technology, and cyber security. Specializes in human-centered software engineering with proven expertise in educational technology and applied degree programs.

EDUCATION

Master of Engineering (M.Eng)

Universitas Gadjah Mada | 2017 - 2019

Information Technology - Human-Centered Software Engineering

Bachelor of Engineering - Electrical Engineering

Institut Teknologi Bandung | 2011 - 2013

Digital Media Technology

Diploma 3 - Computer Science

Politeknik Negeri Batam

WORK EXPERIENCE

Coordinator of Applied Degree Program

Politeknik Negeri Batam | January 2023 - Present

- Coordinator of D4 Software Engineering Technology Program

Lecturer & Lead Programmer

Politeknik Negeri Batam | September 2013 - Present

- Teaching Software Engineering, Network & Hardware
- Lead Programmer for student competency and internship systems

Chief Operations Officer

Polibatam Software Team | January 2023 - Present

- Managing team operations, business models, and software product development

TECHNICAL SKILLS

Programming Languages: PHP, Python, Java, JavaScript

Database & Tools: MySQL, Laravel, Git, SDLC

Certifications: DevOps Foundation, Junior Web Developer

RESEARCH AREAS

- Human-Centered Software Engineering
- Software Development and Quality Assurance
- Network and Cyber Security
- Informatics Engineering
